

## Whiteboard annotations of PDF files

**\*\*requires SMART Notebook!\*\***

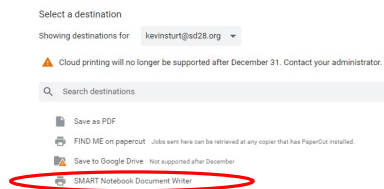

1. Open the pdf file. Hold down **Ctrl P** to open print options.

2. Click the drop-down menu from the printer **Destination**. Select "**see more...**" to find **SMART Notebook Document Writer**.

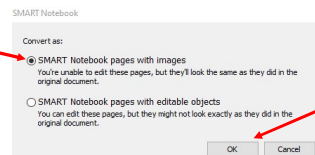

3. From the expanded list of printer Destinations, select SMART Notebook Document Writer.

4. Print to SMART Notebook Document Writer.

5. Choose SMART Notebook pages with images:

6. The PDF file will open in SMART Notebook, allowing you to annotate the pdf and save (**Alt F S**) it as a Notebook file.
