

Finding gallery items

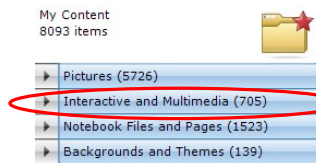

Download extra gallery items here:
<http://tiny.cc/dqxusz> Opening the download will open SMART Notebook.
Click on the left tab **Gallery View**.

Click on + to expand all My Content menus. In addition to your existing files and folders in **My Content**, after downloading the Lesson Activity Toolkits and Gallery Essentials, expand any other folders by clicking on the + symbol:

Interactive and Multimedia often contain the most useful content when looking for ready-to-use activities and games for the SMART Board

Also note the **search** function to find activities and pages that you're looking for. Searching "random" will bring up random dice, random card generator, etc. in **Interactive and Multimedia**.
