

How to use Google Slides

Slides

1. Open Google web browser and sign in.

2. Go to Google slides by clicking on Apps in Google or 9-dot waffle

Slides

3. Choose Blank (+) presentation and select a theme (on the right) for your presentation.

4. Notice from the Tools menu, Voice type speaker notes for Talk&Type

Click to add speaker notes

5. You can copy & paste the text into your presentation.

6. You can drag in pictures and search for other information from the + Explore (bottom right corner)

7. You can work together with other students and share your presentation with the teacher by inviting them via Share (...@sd28.org)

8. You can import slides from existing powerpoint presentations as well (File menu, import slides...)
